

Are you the

# HARDWARE MECHANIC

We're looking for?

## Your job

A Hardware Mechanic at Opinion Technology is responsible for executing a variety of tasks within the scope of electrotechnical installation. You will construct and assembly electrotechnical installations within the (process) industry and install and connect electrotechnical and pneumatic components. You provide all these tasks with due to observance of current regulations, installation standards and specifications of our customers.

The Hardware Mechanic is responsible for taking care of the commission of above mentioned issues, investigating and fixing faults as well as executing preventive maintenance.

You contribute in our projects in the Netherlands and abroad, mostly at multinational companies in the food, pharmaceutical and chemical industry.

## Your profile

You have a relevant education in installation & automation (MBO degree) and a minimum of 2 years experience within our sector. In-depth knowledge of PLC and measurement & control applications is a must. You are eager to learn, a team player yet willing to be able to execute projects autonomously. Moreover, you are stress resistant, customer oriented, flexible and accurate. Experience in food industry or knowledge of mechanical engineering is definitely a plus. You have a VCA certificate as well as a driving licence B.

We highly value efficient communication (also in English and German) and a proactive attitude. You love creating solutions that exceed our customers' expectations and are able to do so in close collaboration with them. You also enjoy working in a diversified environment.

## Our offering

Opinion Technology is committed to attracting and maintaining a dedicated team by providing a satisfying work environment, valuing diversity, and offering excellent salary and secondary benefits.

We highly value a positive work culture and offer our employees lots of flexibility, as well as the ability to work from home. You can choose your own working hours, as we do not believe in a 9-to-5 attitude.

Opinion Technology is a member of the Opinion Group and all our employees work in close collaboration so that each of them realizes a benefit from working together.

Ultimately, what we want from you is: commitment, high quality, high value, flexibility, customer-friendliness, optimism, the ability to learn fast, eagerness to share your knowledge and experience and willingness to work in a small team with big ambitions. Last but not least, we want you to enjoy what you do.

# Real success is finding your lifework in the work that you love\*

David McCullough, US biographer & historian

## About Opinion Technology

Innovation is increasingly important for sustaining business growth, but ever more difficult to achieve because of fierce competition. We strongly believe that information technology is a critical element to accomplish innovation. The Opinion Group therefore has gathered a number of companies that are strictly focused on developing breakthrough technologies under the name Opinion Technology.

We do not believe in technology as a goal in itself, but rather as a means to achieve goals. Because we understand your needs with regard to strategic innovation, we can develop technologies that address those needs. In a way, we are technology-driven but we always take into account your actual needs and demands.

## About the Opinion Group

The Opinion Group is a premier organization, which offers high-end solutions and sector-specific services for food manufacturers, retailers, suppliers and other industry players. We offer world-class capabilities in the area of sensory research and lab analyses, consulting and process engineering. We cover a broad spectrum of disciplines and specialties, from product development and innovation to food labeling, product specification and quality audits.

The companies that make up the Opinion Group all share market knowledge, experience and technological knowhow. We can work on a project base executing a client-specific request, or offer long-term, totally integrated solutions. Whatever the work we do, we are always guided by principles of quality, reliability and commitment to excellence.
