

Are you the

senior .Net  
programmer

we're looking for?

## Your job

A Senior .Net programmer at Opinion Web & Data Engine should have in-depth knowledge of .Net and be able to apply it creatively. You will work with the following technologies and applications:

- .Net (VB.NET, ASP.NET, Ajax)
- MS SQL Server
- Flash en/of SilverLight
- HTML
- XML
- CSS
- JavaScript

As a .Net programmer you are responsible for the following tasks:

- Translate a functional / technical design into an operational website or web part;
- Design websites, CMS systems, graphical applications, templates and web parts;
- Develop made-to-measure applications for the web.

A Senior .Net programmer is able to make the right decisions when issues occur and act appropriately in order to find solutions. He/she is eager to learn, a good project manager and an inspiring example for the team of junior developers.

## Your profile

You are able to design websites and web applications independently, as well as developing new ideas and turning them into modern, innovative applications. You have a degree in informatics (HBO/WO) and at least several years of experience. You are eager to learn, a team player and very persistent. We highly value efficient communication and a proactive attitude. You love creating solutions that exceed our customers' expectations and are able to do so in close collaboration with them. You also enjoy working in a diversified environment.

## Our offering

Opinion Web & Data Engine is part of Opinion Technology, a division of the Opinion Group. The Opinion Group is an ambitious international organisation that keeps growing, even in times of economic recession. We are committed to attracting and maintaining a dedicated team by providing a satisfying work environment, valuing diversity, and offering excellent salary and secondary benefits. We highly value a positive work culture and offer our employees lots of flexibility. All our employees work in close collaboration so that each of them realizes a benefit from working together. Ultimately, what we want from you is: commitment, high quality, high value, flexibility, customer-friendliness, optimism, the ability to learn fast, eagerness to share your knowledge and experience and willingness to work in a small team with big ambitions. Last but not least, we want you to enjoy what you do.

# Real success is finding your lifework in the work that you love\*

David McCullough, US biographer & historian

## About Opinion Technology

Innovation is increasingly important for sustaining business growth, but ever more difficult to achieve because of fierce competition. We strongly believe that information technology is a critical element to accomplish innovation. The Opinion Group therefore has gathered a number of companies that are strictly focused on developing breakthrough technologies under the name Opinion Technology.

We do not believe in technology as a goal in itself, but rather as a means to achieve goals. Because we understand your needs with regard to strategic innovation, we can develop technologies that address those needs. In a way, we are technology-driven but we always take into account your actual needs and demands.

## About the Opinion Group

The Opinion Group is a premier organization, which offers high-end solutions and sector-specific services for food manufacturers, retailers, suppliers and other industry players. We offer world-class capabilities in the area of sensory research and lab analyses, consulting and process engineering. We cover a broad spectrum of disciplines and specialties, from product development and innovation to food labeling, product specification and quality audits.

The companies that make up the Opinion Group all share market knowledge, experience and technological knowhow. We can work on a project base executing a client-specific request, or offer long-term, totally integrated solutions. Whatever the work we do, we are always guided by principles of quality, reliability and commitment to excellence.
